

## **4th Grade Inclement Weather Plans**

1) Have your students sign into their device using their username and password. If you are using a personal computer or tablet, visit the website [portal.dccsga.org](http://portal.dccsga.org), then have students sign in using their username and password.

2) Have your child log in to each of their Google Classrooms (Math, reading, writing, social studies and science.) Each teacher will have an assignment posted with the date for your child to complete and turn in.

3) Parents, please make sure you check DOJO throughout the day to receive any important messages from your child's teachers.
